OBJECTIVE

To secure a Junior Web Developer or Internship position where I can enhance my programming skills, gain real-world development experience, and contribute to building functional and scalable web solutions.

JOHN MARVIN E. BAUTISTA

Web Developer

PROJECTS

Jan 2025 – Dec 2025
Web Based Payroll with Attendance System Implementing Biometrics and Facial Recognition

Dec 2025 – Jan 2026
Campus Augmented Reality Navigation System

Developed and implemented web application to ease organizations processes.

EDUCATION

Cronasia Foundation College, Inc.

- Bachelor of Science in Information System – Present

Lagao National High School

- Accountancy and Business Management – 2022

COMMUNICATION

I possess strong communication skills developed through active participation in academic and organizational activities. I am able to clearly express ideas, listen effectively, and collaborate with peers and supervisors in both formal and informal settings. These skills allow me to work efficiently in team environments, understand project requirements, and contribute positively to discussions and problem-solving tasks.

LEADERSHIP

I am an active Supreme Student Council (SSC) Senator who participates in student governance and decision-making. In this role, I represent student concerns, collaborate with fellow officers and faculty members, and assist in organizing student-led programs and initiatives. This experience has strengthened my leadership, responsibility, and teamwork skills in preparation for a professional work environment.

SKILLS

I have a strong foundation in web development using Python, Java, PHP, JavaScript, Laravel Nuxt/Vue. I possess good problem-solving skills, basic knowledge of databases and responsive design, and effective English communication. I also demonstrate leadership, team management, collaboration, and adaptability through academic and organizational activities.
